- i. Chassis Inventory – provides list of active chassis currently under the IEP account that MRV opened. From this screen MRVs can click on “Export XLS” to export an excel spreadsheet of the inventory or “Search” for a specific unit. In addition, the “Export XLS” feature would enable a MRV to use the “Search” functionality to identify units with a specific inspection expiration date and download this information into an Excel file.

### IEP List

| Company Name                        | SCAC | US DOT# | Action    |
|-------------------------------------|------|---------|-----------|
| Direct ChassisLink Inc              | DCLZ | 1909823 | <b>GO</b> |
| Flexi-Van Leasing Inc.              | FLXC | 1977624 | <b>GO</b> |
| Interpool, Inc. dba TRAC INTERMODAL | TAXZ | 1521807 | <b>GO</b> |

- i. Once in the IEP account, Inspectors will see the Homepage. From here, Inspectors can view/edit their General Information, View IEP Chassis & Container Inventory, Perform Container Inquiry and Go Back to IEP List.

| Company/Organization      |   |
|---------------------------|---|
| General Info              | View or update Company / Organization and mailing address information.  |
| Chassis Inventory         | The screen provides a list of active and inactive chassis that is currently under the IEP's control and enables the User to: <ul style="list-style-type: none"> <li>Update Chassis via Web interface</li> <li>View Chassis History</li> <li>Search, Sort and Browse through multiple pages</li> </ul> |
| Container                 |   |
| Container Inventory       | The screen provides a list of container   |
| Back to Chassis Inventory | The screen provides a list of active and inactive chassis that is currently under the IEP's control and enables the User to: <ul style="list-style-type: none"> <li>Update Chassis via Web interface</li> <li>View Chassis History</li> <li>Search, Sort and Browse through multiple pages</li> </ul> |
| IEP List                  |   |
| Container Inquiry         | Enables User to inquire on a single equipment number for a particular date and time based on search criteria: <ul style="list-style-type: none"> <li>Equipment Prefix/Number,</li> </ul>  |

- j. Chassis Inventory – provides a list of active chassis currently under the IEP account that Inspector opened. From this screen, Inspectors can click on Export XLS to export an excel spreadsheet of the inventory or Search for a specific unit. In addition, the “Export XLS” feature would enable a MRV to use the “Search” functionality to identify units with a specific inspection expiration date and download this information into an Excel file.

15 Records per page | Records 1 to 15 from 144597 | Page 1

Please note that single unit edit is performed by clicking on the equipment prefix hyperlink. The Mass Edit button is used for multiple unit editing.

- k. To update the inspection information, perform a Search to find the unit, click on the equipment prefix of the unit to bring up the Add/Register Equipment box. The only fields that Inspectors can update are the Inspection Type and Inspection Date. If Inspectors are updating a CA BIT or FMCSA Inspection, Inspectors also have the ability to upload a PDF of inspection form.
